Board 'sympathetic' to long-range plan

The Board of Governors, at its meeting April 11, gave preliminary approval to the long-range development plan for the main campus developed by A. J. DIAMOND and BARTON MYERS of Toronto.

The architects are now working on details of their initial report covering both the main campus and the North Garneau area. This will be presented June 1.

In his report to the Board, WALTER WORTH, Vice-President for Campus Planning and Development, noted that the report of Messrs. Diamond and Myers covering the main campus was presented March 18, 1969, at a special meeting of the Board Building Committee. Representatives of other University bodies were invited to the presentation.

He said: "Following the presentation, considerable publicity was given to the presentation, and a full report of the proposed plan was contained in FOLIO. The various representative groups on campus were invited to submit reactions and recommendations with respect to the plan, and on April 1, 1969, a joint meeting of the Campus Development and University Planning Committees was held to review and consider the submission received and to make recommendations to the Board Building Committee."

The Board Building Committee reviewed these recommendations on April 9, 1969.

At its meeting April 11, the Board of Governors agreed that it should go on record as follows:

"(a) That it is sympathetic to the overall concept of the development plan, but is unwilling to adopt or to endorse the plan until it has received a clear statement of Government policy with respect to the ultimate size of the University.

"(b) The planning goals and objectives, as outlined on page 5 of the March 21, 1969, edition of FOLIO (Volume 5, Number 22), subject to minor modifications as set forth in B.B.C. Document 1810-8, will be endorsed as guides to action at this time.

"That the proposed siting for the following buildings be approved; Chemistry No. 2, Phase I, Education No. 2, Phase I and Engineering No. 2, Phase I, (Mechanical Engineering).

"(d) That the various elements of the plan, including the siting of facilities not hereinbefore provided for be reviewed and refined, having regard to the reactions of faculty, students, and staff, and the outcomes for further technical-economic analyses."

The Board also agreed to new sitings of three North Garneau buildings: Arts 2, Fine Arts, and the North Garneau Library.

In doing so, it was adopting the recommendations of the Campus Development Committee that the sitings: "be altered so as to place Arts No. 2 on the east side of 112 Street, opposite the present Arts Building; to place the North Garneau Library on the east side of 112 Street, in a general east-west alignment with the Rutherford Library so as to make possible a future linkage between the Cameron Library, the Rutherford Library, and the North Garneau Library; and to place Fine Arts on the east side of 112 Street in line with 89 Avenue so as to permit future expansion in a southerly direction, and ultimately to have the Performing Arts Centre in close proximity to public access and transportation."

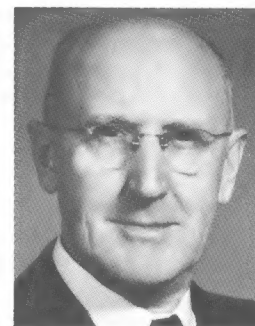

TENURE CASES DECIDED

The Executive Committee of the Board of Governors, acting on the recommendation of WALTER H. JOHNS, President of the University, has accepted recommendations made to it by a special Tenure Committee considering the cases of SETHART FISHER and DONALD WHITESIDE, Assistant Professors of Sociology.

MAX WYMAN, Vice-President, Academic, stated that the special tenure committee, whose membership was drawn from outside The University of Alberta, made two recommendations: (1) that Dr. Fisher be granted tenure at The University of Alberta; and (2) that the appointment of Dr. Whiteside not be renewed.

Dr. Fisher will receive tenure, effective July 1, 1969. Dr. Whiteside will be offered a terminal appointment beginning July 1, 1969 and ending June 30, 1970, subject to his right to appeal.

The Tenure Committee met at the University during the week of April 14 and the following weekend.

Dr. Smith

HAROLD EDGAR SMITH, *Professor Emeritus of Education, and former Dean of the Faculty of Education, died April 20. He had retired as Dean in 1955.*

Dr. Smith was born in Cobourg, Ontario, in 1890, and received his early education in Ontario. During World War I, he served with the Canadian Army and Navy. After graduating in 1916 from the University of Illinois, he taught at North Battleford Collegiate High School, Central Collegiate High in Calgary, and the Calgary Normal School. In 1925, he received his M.A. from The University of Alberta, and in 1927, his M.Ed. He earned a Ph.D. at the University of California.

Dr. Smith joined the staff of The University of Alberta in 1929. From 1945 to 1949, he was Director of the Summer Session; from 1950 to 1955, he was Dean of Education.

A member of many organizations, Dr. Smith had served as President of the Alberta Teachers' Association in 1947. He was especially active in the Canadian Mental Health Association, having served as President of the Edmonton branch from 1954 to 1957, and President of the Provincial Association in 1958 and 1959. He was on the National Board of Directors from 1956 to 1959, and, in 1964, received the National Special Award for Outstanding Voluntary Service to the Canadian Mental Health Association. He was an Honorary President of the Edmonton branch, and an Honorary Life Member of the Provincial Board of Directors.

It's a familiar sight these days. CHARLES F. JOHNSON, Dean of the Residence at Stephen's College, tackles a stack of History 307 papers.

FACULTY PLEDGES TO FUND

On April 17, two weeks after the launching of the University Family section of the Three Alberta Universities Fund-Raising Campaign, \$101,877 had been pledged by the faculty at The University of Alberta. About 15 per cent of the faculty had, through HARRY E. GUNNING, Chairman of the Department of Chemistry, or one of his 80 departmental representatives, pledged one per cent of their salaries over a period of five years. This is the goal set by the fund campaign for private contributors. The amount pledged is nearly \$700 per faculty member, and must be regarded as a very major contribution to the fund.

'PSYCHOLOGY OF KNOWING' CONFERENCE PLANNED

The Center for Advanced Study in Theoretical Psychology will hold its second Banff Conference from May 5 to May 9 at the Banff School of Fine Arts. The conference will be sponsored jointly by the North Atlantic Treaty Organization and The University of Alberta. The theme will be "The Psychology of Knowing."

The Banff Conference on Theoretical Psychology is the culminating point of the Center's Distinguished Visiting Scholars program. Both the conference and the program are organized around a particular annual theme, this year "The Psychology of Knowing." For the purpose of this mutual exchange of ideas, world-wide leaders in theoretical-philosophical psychology are invited to visit the Center for an extended period (from a few weeks to several months). They are all invited back at one time for the conference. The proceedings of the conference are published by the University of Toronto Press. *Toward the Unification of Psychology*, the proceedings of the 1968 Banff Conference, will be published in the near future.

Scholars participating in the 1969 conference include:

J. J. GIBSON, Professor of Psychology of Cornell University; K. R. HAMMOND, Professor of Psychology at the University of Colorado; W. METZGER, Professor of Psychology at the University of Muenster, Germany; T. M. NELSON, Professor and Chairman of the Department of Psychology, the University of Alberta; K. PRIEBRAM, Professor of Neuropsychology at Stanford University; J. R. ROYCE, Professor of Psychology and Director of the Center for Advanced Study in Theoretical Psychology; P. JOSHI, Assistant Professor of Psychology at Laval University, and a former Post-Doctoral Fellow at the

Center; W. W. ROZEBOOM, Professor of Psychology at The University of Alberta; H. TENNESSEN, Professor of Psychology at The University of Alberta; T. E. WECKOWICZ, Associate Professor of Psychology and Sociology at The University of Alberta; K. V. WILSON, Associate Professor of Psychology and Computing Science at The University of Alberta; M. MOROZ, Sessional Lecturer in Psychology at The University of Alberta, and former Post-Doctoral Fellow at the Center; and R. GRONER, J. W. GYR, and F. X. PLAUS, Post-Doctoral Fellows at the Center.

European scholars who will attend the conference include M. WETTLER, Professor at Bern University; K. KLIX, Professor at Humboldt University, Berlin; K. B. MADSEN of the Institute of General Psychology at Copenhagen.

PEOPLE

JOHN S. PERCY, Assistant Professor of Medicine, and Director of the Rheumatic Diseases Unit, is one of four Research Associates named by the Canadian Arthritis and Rheumatism Society. The award, designed to provide further opportunity for full-time careers in clinical research, is valued at about \$13,000. Dr. Percy, a specialist in the field of rheumatic and connective tissue diseases, stated that among the projects planned through his grant will be a series of

diagnostic and consultative clinics and further research in his specialty. EDWARD G. KIDJ, Clinical Lecturer in Medicine, and Clinician, Director of the Rheumatic Diseases Unit, is partially supported by the grant.

BERNARD SCHWARTZ, Associate Professor of Elementary Education, participated in a two-day Invitational Seminar on Aesthetic Education and Curriculum Development in New York on March 28 and 29. The seminar was sponsored by the Central Midwestern Regional Educational Laboratory of St. Ann, Missouri and the National Art Education Association of Washington, D.C.

J. P. DAS, Research Professor at the Centre for the Study of Mental Retardation, and JUANITA CHAMBERS, Associate Professor of Educational Psychology, have been awarded a grant of \$7,100 by the Alberta Human Resources Research Council for a joint research project, "Socioeconomic Status and Cognitive Development." The study will attempt to probe the performance of children from low and high socioeconomic backgrounds in a series of experiments to measure cognitive abilities.

EMILY GOETZ, Sessional Lecturer in Elementary Speech Education, will present a paper at the national convention of the Canadian Guidance and Counselling Association in Edmonton June 2, 3, and 4. The title of the paper is "The Counsellor and the Client's Speech Problems."

N. C. BHATTACHARYYA, Associate Professor of the Philosophy of Education, presented a paper on "Objectivity and Moral Evaluation"

at the annual meeting of the Philosophy of Education Society, U.S.A. in Denver from March 30 to April 2.

GERALDINE M. FARMER, Associate Professor of Secondary Education, presented a paper on "Business Education in Canada: Critical Problems and Exciting Prospects" at the Second Canadian Conference in Business Education in Niagara Falls, Ontario from April 6 to 9.

B. Y. CARD, Professor of the Sociology of Education, assisted by BARBARA GOEDICKE and DONNA CARLISLE, graduate students, addressed the Home Economics Council of the Alberta Teachers' Association on April 10. The topic of the talk was "A Social System Approach to the Teaching and Organization of Home Economics in Alberta."

MADELEINE MONOD, Assistant Professor of Secondary Education, was nominated to the Executive Committee of the Pacific Northwest Conference on Foreign Languages for the next two years. The nomination occurred during the conference in Portland on April 11 and 12.

JOSEPH M. KIRMAN, Associate Professor of Elementary Education, conducted a seminar on "Campus Dissent and Student Values" at the Western Regional meeting of the B'nai B'rith Youth Organization's Leadership Training Institute in Edmonton on April 10.

ONARD D. NELSON, Professor of Education, will present a paper on "Learning the Concepts of Primary School Mathematics" at the Annual Meeting of the National Council of Teachers of Mathematics in Minneapolis from April 23 to 26.

On April 16, GUY R. LEFRANCOIS, Assistant Professor of Educational Psychology, spoke to the teachers of Special Education with the Edmonton Public School Board at the Glenrose Hospital on "Labels, Expectations, and Special Education."

A song cycle, "Under the Sun," by VIOLET ARCHER, Associate Professor of Music, based on three poems by Canadian poet ARTHUR BOURINOT, was performed on March 10 at the Red Deer Music Festival by soprano JUDY O'BRIEN and pianist VERNON MURGATROYD. "Three Duets for Two Violins," also by Miss Archer, have been included in the Canadian Music Section of the 1969 Edmonton Music Festival and other music festivals throughout Alberta.

Biographical information about Miss Archer will be listed in the 1969 issues of the following publications: *The Two Thousand Women of Achievement*, published by Kay, Sons, and Daughter, Limited, London; *The Who's Who of American Women*, published by Mequiss Who's Who, Chicago; *Creative Canada: a Biographical Dictionary of Twentieth Century Canadian in Literature and Art*, published at the University of Victoria; and the *Encyclopaedia of Modern Music*,

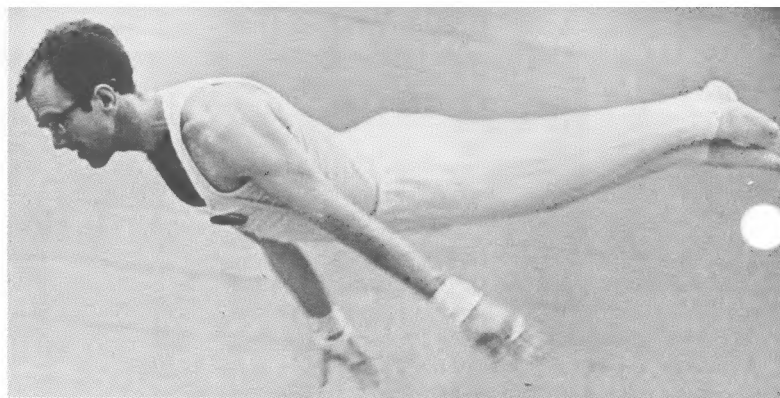

published by Hans U. Ulrich Schumann, Bad Honnef, West Germany.

"Passage of Summer," a new collection of poems by ELIZABETH BREWSTER of the Cataloguing Department of the Cameron Library, has been published by Ryerson Press. The book contains over 100 poems, Dr. Brewster's first collection since 1957.

I. I. HIRSCHMAN, Jr., Professor of Mathematics at Duke University, was the speaker at the Department of Mathematics Colloquium on April 3.

The Biological Sciences Centre, one of the largest and most ambitious complexes on the campus, is nearing completion. The Genetics Wing, part of Phase I, is expected to be ready for occupancy about July 15. Shown here is the east face of the Zoology Wing, which should be ready for occupancy about September 15.

The Alberta Gymnastic Association will hold its Junior trials to select a team to represent the province in the national championships. The competition, between 12, 14, and 16-year olds, will be held in the Varsity Gym at 1:15 p.m., May 10. Further information is available from G. M. ELLIOTT, local 3366.

UNIT RECEIVES GRANT

The Rheumatic Diseases Unit has been awarded a grant of \$30,000 by the Canadian Arthritis and Rheumatism Society.

The Unit, directed by J. S. PERCY, Assistant Professor of Medicine, was established less than a year ago, and provides intensive in-hospital care and treatment for persons suffering from rheumatic diseases.

Since its inception, the Unit has been supported by the Canadian Arthritis and Rheumatism Society.

Dr. Percy was named one of four Research Associates of the Society throughout Canada, and awarded a grant of \$13,000.
